

Task Overview:

In this assignment, you will create a **Classic Birthday Newspaper** webpage using HTML and CSS(optional). The goal is to design a digital version of a traditional birthday newspaper that looks visually appealing and is structured properly. Your task will involve organizing content into sections, using appropriate fonts, and ensuring the layout

Task Instructions:

1. Create the Basic Structure

- **Header:**
 - Add the newspaper title, e.g., "**Happy Birthday [Name]!**".
 - Include a tagline or subheading (e.g., "Celebrating [Name]'s Special Day").
 - Position the header at the top of the page.
- **Navigation Bar (Optional):**
 - Include links to different sections like **Home**, **Gallery**, **Messages**, and **Events**.
 - Style the navigation to match the classic newspaper theme.

2. Layout the Main Content

- **Main Headline Section:**
 - The first section should feature the **birthday headline**, e.g., "**The Big Day Arrives!**".
 - Include a prominent photo of the birthday person.
 - Add a short description or fun introductory text about the celebration.
- **Article Sections:**
 - Create sections for **special events**, **messages from family or friends**, and **fun facts about the birthday person**.
 - Each section should have a subheading (e.g., "Messages of Love", "Throwback Moments").
 - Add 1–2 paragraphs of content under each section, and include images or icons where appropriate.
- **Birthday Messages:**
 - Include a section for birthday messages from friends or family.
 - Style the messages with a font that looks like handwriting or has a personalized feel.

3. Style the Layout (CSS) (optional)

- **Typography:**
 - Use a **serif font** (e.g., **Times New Roman**, **Georgia**) for the main text to give it a classic newspaper feel.
 - Headlines and subheadings should use a **bold font** to make them stand out.
- **Color Scheme:**

- Choose a **black-and-white color scheme** or add **vibrant accents** (e.g., gold or pastel colors) for a festive look.
- Use **color blocks** or **borders** to separate different sections.
- **Images:**
 - Include pictures (e.g., of the birthday person or fun moments) and style them to fit within the content.

5. Add Final Touches

- **Footer:**
 - Add a footer with details such as the **date** of the birthday and a fun sign-off message (e.g., "This newspaper was published by [Your Name] on [Date]").
 - Optionally, include links to social media or additional birthday resources.
